## Program Development

### *Cross-Disciplinary*

- 6/21-present **UIHC LGBTQ Clinic Collaboration with WJSHC.** Begin process to formally collaborate with the UIHC LGBTQ Clinic and our graduate student clinic to provide on site services at IRL and develop group training program for gender affirming training for transmen, transwomen and non-binary individuals. Currently, a 0% position is being created at UIHC that would permit me to provide services at UIHC, and therefore, supervise our graduate student clinicians' services in a medical setting.
- 2019-2020 **Dysphagia Management during chemoradiation treatment at Altru Cancer Center.** Revised existing program and improved crossdisciplinarity communication and integration
- 2019-2021 **Pre and Post Cochlear Implant surgery speech comprehension evaluations.** Collaborate with audiologists and surgeon to consistently evaluate adult's speech comprehension before and after CI surgery.
- 2017-2018 **Teen Social Skills Group.** Develop and implement social skills group for teens in collaboration with Outpatient Occupational Therapy.

### *Departmental*

- 6/21-present **Spanish Conversation Group.** Established an extracurricular group for CSD graduate and undergraduate students to practice Spanish language skills for clinical communication.
- 2016-present **Specialist Voice Services.** Develop program and promote specialized voice therapy services.

## Innovations in Clinic Practice (Other Clinical Contributions)

### *Departmental*

- 8/21-present **Curriculum for Voice Feminization implemented.** Selected manualized program for voice feminization for use in the WJSHC with new gender affirming clients. In collaboration with graduate student clinicians, revised program to meet individual clients needs and determined if program can be adapted to a group training format.
- 3/21-present **Documentation.** Developed evaluation, therapy and progress note formats that are more consistent with medical settings. Developed templates for the electronic medical record documentation. Revise materials as needed.
- 3/21-present **Clinic materials.** Develop and revise materials and handouts for voice therapy.
- 6/21-8/21 **Media Center Materials.** Arranged for SPL meters to be stored in the media center to ensure that expensive equipment is appropriately supervised. Reviewed voice materials in media center and selected new materials to be purchased to update the clinic resources. Reviewed materials for neurological therapy and selected items to be added to the media center and outdated items be discarded.
- 3/21-5/21 **Adapted voice evaluations to virtual format.** Developed a voice evaluation that could be completed virtually during the pandemic using readily available apps and perceptual ratings while maintaining the integrity of the findings without the use of specialized computer programs and processors only available in the clinic.
- 2020-2021 Revised and updated EPIC Flowsheets for Speech therapy documentation at Altru Rehab Hospital
- 2020-2021 Wrote Rehab Hospital Speech Guide in order to maintain services at the Rehab Hospital if staffing changed due to COVID.
- 2020-2021 Compiled adult speech area COVID management policies and materials and researched best practices.

2019-2021	Standardized and maintained resources and equipment in outpatient speech therapy rooms and storage spaces.
2016-2021	Developed approximately 100 templates for EPIC and revised existing templates.
2018-2019	Arrange for updated speech CPT codes in EPIC and revision of billing section to comply with Medicare regulations and increase efficiency
2017-2019	Developed facility protocols for FEES, nasendoscopy and laryngoscopy completed by SLPs
2019	Revised speech navigation page in EPIC for improved efficiency
2019	Received a portion of a departmental grant from the Myra Foundation for large print reading materials grant and thickened liquids for patients
2018	Arrange trials and demonstrations of endoscopy equipment by manufactures for adult speech
2018	Developed Medicare/Medicaid protocol documents
2016	Received a grant from Spin for Kids to purchase a musical keyboard to provide voice therapy

### **Innovations in Teaching (Other Teaching Contributions)**

#### ***Departmental***

8/21-present	<b>Adapt Voice Team for Novice Clinicians.</b> Modified voice team practices to accommodate the introduction of first semester graduate students on a team that has historically been for more experienced clinicians.
3/21-present	<b>Voice Team SharePoint site.</b> Develop online site to share information, video examples, and resources for learning about the voice, voice therapy, gender affirming voice services, professionalism, clinical practice and more. Approximately 30 topic pages (similar to a web page) and 15 online folders of materials.
3/21-present	<b>Voice Team Meetings.</b> Develop weekly sessions for clinical team on voice related topics, practice of voice therapy techniques, and professional issues.
2016-2021	Voice therapy training program for graduate student clinicians at medical externship site.
2019	Arrange guest lecturer on laryngectomy management.
2018-2019	Practical demonstration laryngoscopy procedure and FEES procedures for University of North Dakota Communication Sciences and Disorders graduate students.
