

Services for Adults who use Augmentative and Alternative Communication

The Wendell Johnson Speech & Hearing Clinic offers services for adult clients who use or need Augmentative and Alternative Communication systems, such as communication boards and high-tech speech-generating devices. Resources, evaluations, equipment access and programming, and therapeutic instruction are available. Clients are paired with graduate student clinicians studying speech-language pathology at Iowa.

Resources, evaluation, equipment access and programming, and therapeutic instruction for adults with:

- Aphasia
- Huntington's Disease
- Traumatic Brain Injury
- Cerebral Palsy
- Intellectual Disabilities
- Amyotrophic Lateral Sclerosis
