

# LISTEN & SPEAK UP

**IOWA**

Listen and Speak Up is a summer program focusing on communication skills for children ages 3-6 with hearing loss. Individualized treatment plans are developed for each child and targeted in group and 1:1 therapy sessions.

We invite 3-6 year-olds with hearing loss to apply for the Listen and Speak Up program. All communication modalities are welcomed.

**Dates:** Tuesday and Thursday mornings from 9 am-12 pm, June 6 through July 13, 2023.

**Location:** Sessions are held in the Wendell Johnson Speech and Hearing Clinic on the University of Iowa campus in Iowa City.

**Program structure:** Fun, age-appropriate activities to enhance communication skills are provided by graduate clinicians under the supervision of licensed Speech-Language Pathologists and Audiologists. Participants also benefit from sessions with Music Therapy and Physical Therapy graduate students. Families are encouraged to attend weekly sessions to learn strategies for use at home.

**Fees:** Some or all costs may be covered depending on individual insurance plans. Our clinic submits claims to a large number of carriers. A sliding fee scale is also available for families who qualify.

**Safety guidelines:** Our clinic follows recommended Covid safety recommendations; those who are able are required to wear masks in all clinical spaces.

## Registration information

Enrollment is limited to ensure rich experiences for all participants. Families are encouraged to apply by submitting an application by Friday April 28, and a co-director will contact you to discuss your child's communication and goals to ensure the program is a good fit.
