

## University of Iowa Prerequisite Completion Form

NAME: \_\_\_\_\_

*Please do not double-count courses. Only ONE course needs to be specified for each pre-requisite, unless it is worth less than the required credit hours, or the course only partially covers the required content.*

Required course content	Min. credit hours	Course name & number (University)	Credit Hours / week**	Number of Weeks	Total Hours (credit hours / week x number of weeks)	Grade	Semester / year taken or planned	Approved (completed by Advisor)
<i>The following 4 content areas are required by ASHA. If you are missing one or more of these, you may start the MA program, but will need to complete the requirements in order to become certified. Courses specifically related to communication sciences and disorders CANNOT be counted in these categories.</i>								
Biological science (human or animal biology)	3							
Physical science (physics or chemistry)	3							
Social/behavioral science (e.g. psychology, sociology)	3							
Statistics	3							
<i>The following courses are typically taken in a department of communication sciences and disorders. All are required for the Iowa program. Do NOT double-count courses in more than one category.</i>								
Phonetics	3							
Anatomy & physiology of speech or speech science	3							
Hearing science	3							
Neuroscience (for speech and hearing)	3							
Language acquisition or Language development	3							
Audiometry or audiology	3							

*At least one of the following courses must be completed prior to working in the clinic. If you are missing both when you arrive, this may extend your program beyond two years. Again, do not double-count and don't count survey courses (e.g. Intro to Communication Sciences & Disorders).*

Rehabilitative audiology or aural rehabilitation	3							
Developmental speech or language disorders	3							
<i>Observation hours must be completed prior to working in the clinic.</i>								
Observation hours supervised by certified SLP	25 hrs							

If it is determined that you will be unable to complete the required prerequisites before or during the standard 2-year MA program, are you interested in applying to our 3-year program? Yes \_\_\_\_ No \_\_\_\_

**\*\*For in-person courses, count the number of hours spent in the classroom for lectures and discussion per week.  
For asynchronous online courses, count the number of hours spent watching lectures and other course material per week.**
