GET TO KNOW US: Meaghan Foody, MS, CCC-SLP is an ASHA certified Speech-

Language Pathologist who earned her Master's Degree in Speech Language Pathology with an emphasis in listening and spoken language development in pediatric hearing loss populations. Prior to coming to the University of Iowa as a Clinical Assistant Professor, Meaghan completed the first six years of her career at Boys Town National Research Hospital specializing in Aural Rehabilitation across the lifespan with both cochlear implant and hearing aid recipients.

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The university also affirms its commitment to providing equal opportunities and equal access to university facilities. For additional information on nondiscrimination policies, contact the Director, Office of Equal Opportunity and Diversity, the University of Iowa, 202 Jessup Hall, Iowa City, IA, 52242-1316, 319-335-0705 (voice), 319-335-0697 (TDD), diversity@uiowa.edu.

IOWA

Communication Sciences
and Disorders

**PEDIATRIC AND ADULT AURAL
REHABILITATION FOCUSED SPEECH-
LANGUAGE THERAPY SERVICES**

IOWA

“The staff and students do such a great job meeting my son’s individual needs. They have provided us with answers to any question we might have and given us ideas on how to promote language development at home. My son has had so much growth with his listening skills and language development. As a mother who felt lost when her son was diagnosed, UISHC (formerly Wendell Johnson) gave me the encouragement and knowledge I needed to navigate this difficult but rewarding journey.”

- Ashley, parent whose child’s CIs were activated in 2018

Family and Parent support

- Parent coaching for language strategies at home
- Reviewing educational documents and understanding components
- Sign support development
